4.	<b>Testing services for</b> <i>virtual reality, digital and rapid prototyping, scan to BIM, drone for photogrammetry and Point Cloud creation</i>	TBI	SMEs	Individual	4000	4000	€	Free of charge for the end users / state aid - Art. 28 GBER / De minimis
5.	<b>Testing services and simulations</b> <i>for development of models for conservation and restoration of cultural heritage infrastructures and services for data management and digitalization of immovable cultural heritage infrastructures</i>	TBI	SMEs	Individual	7500	7500	€	Free of charge for the end users / state aid - Art. 28 GBER / De minimis
<b>SKILLS AND TRAINING SERVICES</b>								
1.	<b>General trainings for digitalization of construction and investment processes</b> <i>/Introduction in digitalization, digital tools and software, digital transition, waste management and others/</i>	TCB	SME, Public organizations	Class	1500	1500	€	Free of charge for the end users / state aid - Art. 28 GBER / De minimis
2.	<b>General and specialized BIM trainings</b> <i>/BIM processes, standards, methodologies, BIM modeling with different software implementation, BIM parametric modeling, management of the construction investment process with BIM and others/</i>	TCB	SMEs, Public organizations	Class	2500	2500	€	Free of charge for the end users / state aid - Art. 28 GBER / De minimis
3.	<b>Specialized trainings on different software</b> <i>/CAD software implementation and Numerical modelling of structural behavior and analysis of structures by finite element software implementation/</i>	TCB	SMEs, Public organizations	Class	1500	1500	€	Free of charge for the end users / state aid - Art. 28 GBER / De minimis

4.	<b>Specialized GIS trainings</b> <i>/Using BIM data in spatial context through GIS analysis, Planning and managing AEC projects in Geospatial environment, Infrastructure cost optimization through combination of AEC design and GIS AI, planning and monitoring/</i>	TCB	SMEs, Public organizations	Class	1500	1500	€	Free of charge for the end users / state aid - Art. 28 GBER / De minimis
9.	<b>Specialized trainings for Building</b> <i>acoustic measurements, Ultrasonic testing methods and Thermography</i>	TCB	SMEs, Public organizations	Class	1500	1500	€	Free of charge for the end users / state aid - Art. 28 GBER / De minimis
10.	<b>Specialized trainings on</b> <i>innovation technologies and new building materials</i>	TCB	SMEs,	Class	1500	1500	€	Free of charge for the end users / state aid - Art. 28 GBER / De minimis
14.	<b>Specialized educational trainings</b> for Virtual reality, Digital fabrication and Scan to BIM	TCB	SMEs, Public organizations	Class	2000	2000	€	Free of charge for the end users / state aid - Art. 28 GBER / De minimis
15.	<b>AI in BIM Introduction (general theory course)</b> <i>-Historical overview; -General categorization of AI types and applications; -Terms and concepts; -Compare aspects of AI application - copyrights and responsibilities. National and international legal framework. Ethical aspects; -Basic categories and applications of AI in investment design</i>	TCB	SMEs, Public organizations	Class	2500	2500	€	Free of charge for the end users / state aid - Art. 28 GBER / De minimis
